WINDSHIELDS, FAIRINGS & MIRRORS

2014

COVERS & SEATS

1. Extreme Low Windshields

These colored windshields provide an upgraded look. Blue and Red Windshields are painted clear plastic.

A. Black (7.7")	SMA-8JP96-00-BK	\$45.95
B. Blue with Strobes (7.7")	SMA-8JP96-00-BL	\$64.95
C. Red (7.7")	SMA-8JP96-00-RD	\$51.95

2. Low Sport Windshields

Adds a splash of color with racing inspired graphics. For best protection, use with Hand Guards. (SMA-8JPHG-00-BK, SMA 8JPHG-00-BL or SMA-8JPHG-00-RD), sold separately.

A. Blue (9.5")	SMA-8JP96-10-BL	\$79.95
B. Red (9.5")	SMA-8JP96-10-RD	\$79.95

3. Low Windshields

Stock low windshield used on the SR Viper LTX SE, SR Viper RTX SE, and SR Viper XTX SE. Can be equipped on any SR Viper model.

A. Black (9.5")	SMA-8JP96-10-BK	\$79.95
B. Smoke (9.5")	SMA-8JP96-10-SM	\$79.95

4. Medium Sport Windshields

Provides improved protection over stock shield and features subtle graphics that flow with the SR Viper's look.

A. Clear (20.4")	SMA-8JR96-20-00	\$84.95
B. Smoke (20.4")	SMA-8JR96-20-SM	\$84.95

5. Medium Windshields

Stock medium windshield used on the SR Viper and SR Viper LTX. Can be equipped on any SR Viper model.

A. Clear (20.4")	SMA-8JP96-20-00	\$79.95
B. Smoke (20.4")	SMA-8JP96-20-SM	\$79.95

6. Tall Windshields

Helps deflect wind and snow for taller riders or those who prefer a more upright riding position.

Clear (27.2")	SMA-8JP96-30-00	\$99.95
---------------	------------------------	----------------

7. Telescoping Sport Mirrors

Accentuate the sporty styling of your SR Viper while helping you stay aware of your surroundings.

- Mirror shaft pivots and telescopes
- Mounting hardware included
- Sold in pairs

SMA-8JW26-28-00	\$99.95
------------------------	----------------

1. Heated Seat Kit

Make your ride more comfortable by providing your body with extra warmth from this heated seat kit.

- Comes with laminated seat cover, wiring kit and switch
- Dealer installation recommended

Black	SMA-8JP97-00-BK	\$299.95
Blue	SMA-8JP97-00-BL	\$299.95
Red	SMA-8JP97-00-RD	\$299.95

2. Custom Snowmobile Covers

Our custom covers are made of strong, preshrunk, two-ply army duck canvas that's been specially finished to resist water and mildew. Cotton canvas is naturally very soft on the finish of your snowmobile and conforms to your sled like a pair of jeans. This material also vents moisture better than other material on the market. These covers are black with Genuine Yamaha graphics.

Fits '14 SR Viper, '14 SR Viper R-TX, '14 SR Viper R-TX SE	SMA-COVER-87-00	\$189.95
Black		

Fits '14 SR Viper X-TX SE, '14 SR Viper L-TX, '14 SR Viper L-TX SE	SMA-COVER-87-10	\$189.95
Black		

3. Deluxe Snowmobile Covers

These covers are made from a premium Sur Last® polyester fabric. This material is very UV and color stable. It is back-coated with urethane to provide an excellent barrier to the elements and road grime. The included soft, washable polyester undercover helps protect your sled's finish while storing and transporting. These covers feature a two-tone color design and Genuine Yamaha graphics.

Fits '14 SR Viper, '14 SR Viper R-TX, '14 SR Viper R-TX SE	SMA-COVER-86-00	\$229.95
Black/Charcoal		

Fits '14 SR Viper X-TX SE, '14 SR Viper L-TX, '14 SR Viper L-TX SE	SMA-COVER-86-10	\$229.95
Black/Charcoal		

Fits all '14 SR Viper, '14 SR Viper RTX, '14 SR Viper RTX SE, '14 SR Viper LTX, '14 SR Viper LTX SE, '14 SR Viper XTX SE unless otherwise noted

LUGGAGE & RACKS

2014

1. Rear Bumper & Hitch Kit

All steel bumper with heavy-duty steel swivel hitch and four mounting pockets.

- All necessary hardware included
 - Required to mount Tunnel Rack (SMA-8JPRK-00-BK), sold separately
- Fits '14 SR Viper, '14 SR Viper RTX, '14 SR Viper RTX SE
SMA-8JP41-00-00 \$129.95

Fits '14 SR Viper LTX, '14 SR Viper LTX SE, '14 SR Viper XTX SE
SMA-8JR41-00-00 \$129.95

2. Pintle Tow Conversion Kit

Converts optional Rear Bumper & Hitch Kit (sold separately) to a heavy-duty pintle-style hitch.

SMA-8JP79-10-00 \$49.95

3. Light Duty Tow Hitch

Adds towing capability to your SR Viper.

- Fits stock bumper
- For light-duty use only

SMA-8JP79-00-00 \$42.95

4. Goggle Holder Bag

Stores and secures your goggles or an extra pair of goggles when not in use.

- Mounts in-between the handlebars and gauge cluster
- Durable, weather resistant 1000 denier nylon
- 800 denier nylon accent material
- Features a mesh bottom that uses engine heat to dry out the goggles

Black SMA-8JP53-00-00 \$39.95

5. Handlebar Bag

Add some convenient storage to your sled with this multi-compartment handlebar bag.

- Mounts using both the handlebar and handlebar risers
- Durable, weather resistant 1000 denier nylon
- 800 denier nylon accent material

Black SMA-8JP43-00-00 \$49.95

6. Combination Trunk Bag

Increase your luggage space with options to spare and plenty of compartments to keep your items organized the way you want them.

- Tunnel bag with saddlebags combination
- Multi-compartment design
- Durable, weather resistant 1000 denier nylon
- 800 denier nylon accent material

SMA-8JW63-00-00 \$219.95

7. Saddlebags

When you need to bring along extra gear for your ride, these saddlebags are essential.

- Two large bags, one on each side of the seat/tunnel
- Mounts to the tunnel and under the seat
- Durable, weather resistant 1000 denier nylon
- 800 denier nylon accent material

Black SMA-8JP73-00-00 \$179.95

8. Seat Pack

Get that extra bit of storage you need while maintaining the original profile of your SR Viper.

- Multi-compartment design
- Mounts to the tunnel and under the seat
- Durable, weather resistant 1000 denier nylon
- 800 denier nylon accent material

SMA-8JR63-00-00 \$99.95

9. Tunnel Gear Bag

When you need to bring along extra gear for your ride or need storage with a taller profile, this expandable tunnel bag has what you need.

- Expandable top
- Mounts to the tunnel and under the seat
- Durable, weather resistant 1000 denier nylon
- 800 denier nylon accent material

Black SMA-8JP63-00-00 \$114.95

10. Windshield Bag

Store your phone, wallet, extra keys, or any other small items in this compact windshield bag.

- For mid and higher windshields
- Uses windshield screws for mounting

Black SMA-8JP21-00-00 \$39.95

11. Tunnel Rack

Bring any extra items you need with this large tunnel rack. This design allows you to easily secure your gear with bungee cords or other types of lines (not included).

- Requires Rear Bumper & Hitch Kit (SMA-8JP41-00-00 or SMA-8JR41-00-00), sold separately.
- All hardware included

Black SMA-8JPRK-00-BK \$149.95

Fits all '14 SR Viper, '14 SR Viper RTX, '14 SR Viper RTX SE, '14 SR Viper LTX, '14 SR Viper LTX SE, '14 SR Viper XTX SE unless otherwise noted

PROTECTION

2014

TRIM & ACCENTS

2

Also available in blue

4

Front and rear skid plates also available in blue and red

1. Hand Guards

Helps shield your hands from the icy winds. Polycarbonate mounts are included. Works with both polycarbonate (SMA-8JPHG-MP-00—included) and aluminum (SMA-8JPHG-MA-00—optional, sold separately) mounts.

A. Black	SMA-8JPHG-00-BK	\$64.95
B. Black/Red	SMA-8JPHG-00-RD	\$64.95
C. Black/Blue	SMA-8JPHG-00-BL	\$64.95

2. Sport Front Bumper

Adds protection and a bold, stylish look to your SR Viper.

- Aluminum construction
- Durable powder-coat finish
- Mounting hardware included

A. Black	SMA-8JPFT-BU-BK	\$179.95
B. Blue	SMA-8JPFT-BU-BL	\$179.95

3. Rear Skid Plate

Gives full coverage protection for your clutch, exhaust, and chain case components. Can be used with Front Skid Plate or optional Sport Front Bumper, both sold separately.

A. Black	SMA-8JP34-RR-BK	\$149.95
B. Blue	SMA-8JP34-RR-BL	\$149.95
C. Red	SMA-8JP34-RR-RD	\$149.95

6A

6B

4. Front Skid Plate

Improves approach angle and protects the nose cone from damage by stumps, rocks, ice chunks and other debris.

- Can be combined with Rear Skid Plate, sold separately.

A. Black	SMA-8JP34-FR-BK	\$59.95
B. Blue	SMA-8JP34-FR-BL	\$59.95
C. Red	SMA-8JP34-FR-RD	\$59.95

5. Hand Guard Mounts

Heavy-duty aluminum mount provides rigid mounting for extreme applications such as racing and woods riding.

A. Aluminum	SMA-8JPHG-MA-00	\$39.95
-------------	-----------------	---------

This mount comes standard with the accessory Hand Guards, sold separately. Made of flexible nylon material that gives under impacts and maintains flexibility in cold weather.

B. Polycarbonate	SMA-8JPHG-MP-00	\$29.95
------------------	-----------------	---------

5A

5B

6. Console Knee Pads

Add comfort and extra grip for your knees with these cushioned pads.

- Mounting hardware included

A. Black	SMA-8JP24-00-BK	\$34.95
B. Black/White	SMA-8JP24-00-WH	\$34.95

Graphic Wraps

Add a unique look to your SR Viper with a bright, full body graphic wrap.

- High-bond adhesive
- Two 27" x 48" sheets
- Squeegee included

1. Color Pop

Multi-colored SMA-8JPWR-0F-00 \$299.95

4. Pop Graphic Wrap

Blue/Red SMA-8JPWR-0E-00 \$299.95

2. Urban Graphic Wrap

Red/White SMA-8JPWR-0G-00 \$299.95

5. Race Graphic Wrap

Blue SMA-8JPWR-0B-00 \$299.95

3. High Tech Graphic Wrap

Grey SMA-8JPWR-0D-00 \$299.95

6. Sport Graphic Wrap

Red SMA-8JPWR-0A-00 \$299.95

SHOCKS

2014

**1 Fox® Float™ 3 Evol® R Shock Kit**

Take your riding to the next level of performance and adjustability. Fine tune the rebound, ride height, bottom-out, and dampening settings to the terrain and your riding style.

- Front Ski Shocks
- Air Spring
- Designed for Trail, Crossover and Mountain Snowmobiles
- Weight 3.2 lbs. @ 16.5"
- Infinitely Adjustable Dual Air Spring
- MAIN Air Chamber (Ride Height) gives a progressive spring rate and provides significant weight savings
- EVOL Air Chamber (Bottom-out/Roll Control)
- Adjustable spring rate in the final portion of the stroke controls bottom out events
- Fine-tune ski lift, tip over and turning capabilities with the infinitely adjustable spring rate
- External rebound adjustment knob allows you to tune the rate the shock returns after compression in order to optimize control in all conditions
- Race-proven velocity-sensitive damping control technology: Custom-tuned for its intended application with different piston flow designs and variable valving specifications
- Higher internal air volume/increased air pressure for better roll resistance in corners
- Shed up to six pounds off your sled (when replacing coil spring shocks)
- Precision manufactured damping pistons for maximized damping consistency and flow characteristics
- Aerospace-grade Teflon®-lined spherical bearings to maximize durability
- Anodized Internal Floating Piston (IFP) and bearing housing to prevent oil contamination and to boost seal durability and lifespan
- 6061-T6 aluminum piggyback body caps, bodies, air sleeves, and reservoirs
- Fully rebuildable and serviceable
- Infinitely adjustable main piston valve stack
- Genuine Kashima Coat's™ distinctive gold color backed by its buttery-smooth, high performance attributes — exceptionally smooth feel and extreme durability
- Samurai Sealing System specifically designed from a special low-temperature, highly durable material that scrapes away snow, ice and debris while keeping the seals lubricated for minimal friction

SMA-8JPFS-EV-00

\$1,095.00

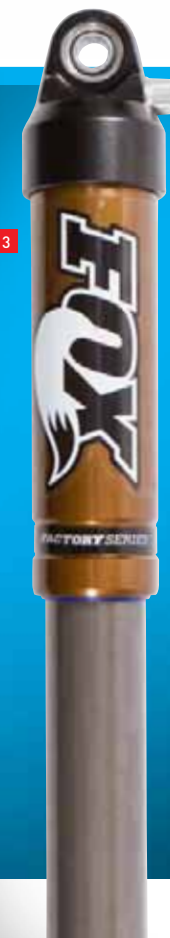

2 Fox® Float™ 3 Evol® RC2 Shock Kit

Upgrade your sled with one of the lightest and most adjustable shock kits available. Have full control in how you set up your shock with adjustability in Dual Speed Compression (DSC), rebound, air spring, and EVOL and main air chambers independently controlling ride height, roll control, and bottom-out.

- Front Ski Shocks
- Air Spring
- Designed for Trail, Crossover and Mountain Snowmobiles
- Weight 4.4 lbs. @ 17.6"
- Infinitely Adjustable Dual Air Spring
- MAIN Air Chamber (Ride Height) gives a progressive spring rate and provides significant weight savings
- EVOL Air Chamber (Bottom-out/Roll Control):
- Adjustable spring rate in the final portion of the stroke controls bottom out events
- Fine-tune ski lift, tip over and turning capabilities with the infinitely adjustable spring rate
- Wide-Range Rebound Adjustment
- Dual-Speed Compression (DSC) Adjustment
- External rebound adjustment knob allows you to tune the rate the shock returns after compression in order to optimize control in all conditions
- DSC allows adjustments to the shock's high and low-speed compression damping by simply turning the external adjusters
- New high-flow, high- and low-speed compression adjuster offers an increased adjuster range
- Chrome silicon negative spring, improved stutter bump compliance
- Race-proven velocity-sensitive damping control technology: Custom-tuned for its intended application with different piston flow designs and variable valving specifications
- Higher internal air volume/increased air pressure for better roll resistance in corners
- Shed up to six pounds off your sled (when replacing coil spring shocks)
- Precision manufactured damping pistons for maximized damping consistency and flow characteristics
- Aerospace-grade Teflon®-lined spherical bearings to maximize durability
- Anodized Internal Floating Piston (IFP) and bearing housing to prevent oil contamination and to boost seal durability and lifespan
- 6061-T6 aluminum piggyback body caps, bodies, air sleeves and reservoirs
- Fully rebuildable and serviceable
- Infinitely adjustable main piston valve stack
- Genuine Kashima Coat's™ distinctive gold color backed by its buttery-smooth, high performance attributes — exceptionally smooth feel and extreme durability
- Samurai Sealing System specifically designed from a special low-temperature, highly durable material that scrapes away snow, ice and debris while keeping the seals lubricated for minimal friction

SMA-8JPFS-E2-00

\$1,595.00

**3 Fox® Float™ 3 Shock Kit**

Improve the performance and comfort of your sled without compromise. Negative spring technology provides the best of both worlds, allowing for an extremely plush ride and faster, stiffer cornering.

- Front Ski Shock
- Air Spring
- Designed for Trail, Crossover and Mountain snowmobiles
- Weight 2.1 lbs. @ 14.1"
- Infinitely adjustable air chamber gives a progressive spring rate and provides significant weight savings
- Higher internal air volume/increased air pressure for better roll resistance in corners
- Shed up to six pounds off your sled (when replacing coil spring shocks)
- Precision manufactured damping pistons for maximized damping consistency and flow characteristics
- Race-proven velocity-sensitive damping control technology: Custom-tuned for its intended application with different piston flow designs and variable valving specifications
- Aerospace-grade Teflon®-lined spherical bearings to maximize durability
- Anodized Internal Floating Piston (IFP) and bearing housing to prevent oil contamination and to boost seal durability and lifespan
- 6061-T6 aluminum piggyback body caps, bodies, air sleeves and reservoirs
- Genuine Kashima Coat's™ distinctive gold color backed by its buttery-smooth, high performance attributes — exceptionally smooth feel and extreme durability
- New, easy access to Schrader air cap for adjusting the infinitely adjustable main air chamber pressure
- Fully rebuildable and serviceable
- Infinitely adjustable main piston valve stack
- Samurai Sealing System specifically designed from a special low-temperature, highly durable material that scrapes away snow, ice and debris while keeping the seals lubricated for minimal friction

SMA-8JPFS-F3-00

\$745.00

Fits all '14 SR Viper, '14 SR Viper RTX, '14 SR Viper RTX SE, '14 SR Viper LTX, '14 SR Viper LTX SE, '14 SR Viper LTX SE unless otherwise noted

1. SnowTracker Kits

Features an innovative system that consists of a U-blade and a runner for each ski (not included) with 7 1/2" of carbide on the runners for more control. Helps enhance steering control on hard packed trails or frozen lakes. Replacement runners and U blades sold separately. Sold in pairs.

A. Aggressive Kit 7.5"	SMA-19513-00-00	\$274.95
B. Semi-Aggressive Kit 6"	SMA-20513-00-00	\$249.95

2. Woody's Dooly Carbide Runners

Provides consistent handling on the snow surface by utilizing this runner's four traction lines to make its own groove in the trail.

- Two flat-top runners mounted on a plate for each ski
- 60° carbide
- Sold individually

SMA-DA499-75-00	\$57.95
SMA-DA699-75-00	\$71.95
SMA-DA899-75-00	\$94.95

3. Split Runners

These 4 1/2" stock style optional split runner carbides are ideal on ice and hard pack snow, but work well anywhere.

Left	SMA-8JP10-44-RH	\$57.95
Right	SMA-8JP10-44-LH	\$57.95

4. Woody's Executive Carbide Runner Set

This runner set is designed for experienced trail riders and competition racers.

- 8" of 60° carbide
- Carbide must be balanced with a studded track
- Sold in pairs
- 8" x 1/2"

SMA-KAT99-75-00	\$91.95
------------------------	----------------

5. Woody's Extender Trail III Runner

Economical and designed for general trail use.

- 4" of 60° carbide
- Sold in pairs
- 4" x 7/16"

SMA-EAT99-75-00	\$63.98
------------------------	----------------

6. Woody's Round Bar Trail Blazer IV Runner Set

The Trail Blazer IV™ runner is designed for trail riders looking for performance in cornering power and control.

- 6" of 60° carbide
- Can be used with a studded or un-studded track
- Sold in pairs
- 6" x 1/2"

SMA-TA499-75-00	\$79.98
------------------------	----------------

1. DuPont™ Slide

- Features DuPont™ Vespel® material inserts
- Space-age polymer/composite material
- Stronger than hardened steel, aluminum, or even titanium
- 15T scale Rockwell hardness of about 80 (UHMW slide runner hardness rating is about R64)
- Capable of withstanding extreme friction and heat environments
- Pieces are placed at a 45-degree angle across the entire slider for constant contact and even wear
- Made using compression molding process
- Lightweight, yet strong
- Partially made with current UHMW plastic slide runner material
- Sold individually

SMA-8JPDP-SS-00

\$79.95

2. Slides

Slides made from the highest quality ultra-high-molecular-weight (UHMW) plastic.

- Exact fit
- Easy installation
- Sold individually

Fits '14 SR Viper, '14 SR Viper RTX, '14 SR Viper RTX SE	
Black (129")	SMA-8JP92-00-BK \$12.95

129" x 1.35"	SMA-TRACK-92-35	\$749.95

2

3. Camoplast® Back Country X Track

Snocross-inspired lugs provide a big bite in deep, soft, untraveled snow for outstanding traction, while still providing on-trail performance.

Fits '14 SR Viper LTX, '14 SR Viper LTX SE		
137" x 1.75"	SMA-TRACK-91-26	\$839.95
Fits '14 SR Viper XTX SE		
141" x 1.75"	SMA-TRACK-92-54	\$839.95

3

4. Camoplast® ICE Attak XT Track

Increase traction and confidence with this pre-studded, 1.22" lug height Camoplast® track.

- Enhanced handling and stability over lower lug height tracks
- Optimized rubber compound increases lug rigidity for super traction on groomed trails

Fits '14 SR Viper LTX, '14 SR Viper LTX SE		
137" x 1.22"	SMA-TRACK-91-91	\$929.95
Fits '14 SR Viper, '14 SR Viper RTX, '14 SR Viper RTX SE

2

Fits all '14 SR Viper, '14 SR Viper RTX, '14 SR Viper RTX SE, '14 SR Viper LTX, '14 SR Viper LTX SE, '14 SR Viper XTX SE unless otherwise noted

MAKE IT PERSONAL WITH YAMAHA APPAREL & ACCESSORIES!

IGNORE THE COLD, WITH COMFORT AND STYLE!

Outlast® Gear: An industry-exclusive technology that regulates your body temperature. It's lightweight, waterproof, breathable and windproof. Available in either Yamaha or SnoForce™ logos and offered in men's and women's in a variety of styles and colors.

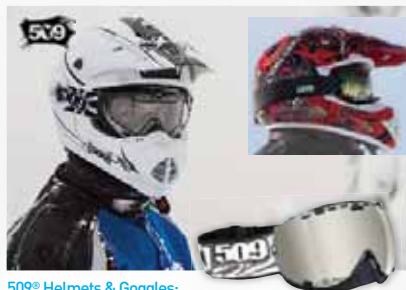

Divas Snowgear®: A unique line of women's gear designed by real women with feminine style. Available in a variety of styles and colors.

Yamaha & Divas™ Base & Mid Layers: Stay warm, dry and comfortable with the essential cold-weather layering system. Available in a variety of styles for men and women. Yamaha Layers feature the added benefit of Outlast®.

Yamaha Gloves & Mitts: From C-Zip gloves to throttle mitts and everything in between, we offer function and fashion in all our gear. Available in a variety of styles and colors for men, women and kids.

509® Helmets & Goggles:

Create the perfect seal with this dynamic combo, and you will be protected from the harsh wind and snow like never before. Available in a variety of styles and colors.

FXR® Gear: Designed to outperform with super-aggressive pre-curling, stretch gussets and panels, advanced venting and moisture-wicking properties. Available in men's and women's in a variety of styles and colors.

To see the full apparel and riding gear collection, please visit yamahapartsandaccessories.com.

CUSTOMIZE WITH FUNCTION AND DESIGN!

Skis & Runners: Customize your sled's steering and handling to suit your riding style.

Luggage & Soft Goods: Add some storage convenience to your ride. Heavy-duty, water-repellent coated nylon with polyurethane backing, and ergonomic shapes to fit your specific Yamaha.

Windshields: Switch-up your stock windshield to a new height or color. All windshields are designed to look sharp and stay flexible in the extreme cold.

Graphic & Body Kits: Transform your sled and make it unique with a whole new look.

Covers: When you're not riding, protect your sled from the elements.

Dupont™ Hyfax: Space age polymer/composite material offers some of the best, longest lasting sliders on the market.

CONTOUR®

Bringing Your Ride to Life like Never Before

Contour®+2 and Contour® ROAM2 high definition video cameras offer hands-free video cameras and adventure storytelling tools that enable modern day explorers to tell their stories of action, adventure and travel through video. Leading the way in making action video easy to shoot and share, Contour® is dedicated to creating simple tools that enable hands-free capture and effortless online sharing of video with the world.

PEAK PERFORMANCE MEETS PEACE OF MIND

YAMALUBE® AND YAMALUBE CARE PRODUCTS
FOR SNOWMOBILES

Spray Polish & Instant Detailer

Restores a lustrous shine to paint, chrome, glass, and smooth plastics such as visors, windshields and gauges. Gives textured plastics, rubber, and vinyl a beautiful satin finish. Anti-static properties repel dust and dirt to keep that shine. May require extra rubbing on soft plastics due to the wax content.

Fuel Med RX

This special formula not only stabilizes all types of gasoline but provides superior metal corrosion protection from the high levels of Ethanol sulfate salts in today's fuel and provides advanced metal protection for future E-15 fuel. An alcohol-free formula that not only locks in fuel potency but helps to prevent fuel oxidation, phase separation, gum and varnish build up.

Engine Med RX

This synthetic blend not only offers a proven top tier Engine Decarboning formula for all types of gasoline but also provides fuel system component corrosion protection for silver solder, copper, metal and aluminum up to E-20. Also provides protection in salt water environment.

Yamacool®: Ethylene glycol anti-freeze provides freeze-point protection down to -62°F (-52°C). Pre-blended coolant/water ratio so it's ready to use.

Stor-Rite Engine Fogging Oil: Helps to protect metals against rust and corrosion during off-season storage conditions. Spray into each throttle plate/intake tract to protect the engine cylinders, pistons and valves.

High-Performance Snowmobile Grease: For use with advanced suspension systems needing to react quickly to rough trail conditions. Excellent low-temp protection to -65°F (-54°C).

Snowmobile Chain Case Lube:

Formulated to withstand the extreme temperatures and harsh operating conditions experienced while snowmobiling.

0W-40 Full-Synthetic Oil:

Full-synthetic, high-performance lubricant that protects against corrosion and performs down to -60°F (-51°C). Improves cold starting!
